# New way to play, share & grow

MarbleBound's official players & sharing ecosystem.

HOOP Ripple is MarbleBound's official players-sharing ecosystem. Every registered player gets a trackable link, transparent rules, and a rank that grows through qualified participation.

## AUTHENTIC

### Built for real players.

No paid strangers. Only players who genuinely enjoy the game and want to share it.

## TRANSPARENT

### Every action tracked.

Referrals, top-ups, and rankings are visible in your dashboard. No black boxes.

## PERSISTENT

### Your rank grows over time.

Every qualified action contributes to your long-term creator standing.

*Single-level creator referral programme only. No downline or multi-tier compensation.*

*All information and intellectual property rights contained herein belong to HOOP TECHNOLOGY SDN. BHD. (1384031-A). Strictly confidential. Do not copy, distribute, or reproduce without written permission.*

# Rare drops. Real gold.

MarbleBound plays can trigger a chance-based in-game drop — the Gold Rune in game asset. Random by design. Real in consequence.

## IN-GAME

### Triggered by play.

Drops appear during qualifying MarbleBound gameplay. No purchase shortcut. No paywall trick.

## BY CHANCE

### Random by design.

Drop frequency, rarity, and tier are set by game mechanics — not by quotas, fees, or activity targets.

## REAL ASSET

### Carries the rune.

Each Gold Rune Marble carries an in-game gold rune — the asset that bridges play to what comes next.

No purchase required. Gold Rune in-game assets drops are gameplay-based promotional mechanics.

# What to do with Gold Rune Assets?

Two paths. One golden moment.

## PATH A • FORGE

**Forge it.**  
**Convert to gold grams.**

Refine your Gold Runes through the in-game forge. Conversion processed by GoldWalker — a regulated digital gold partner — with the equivalent grams reflected in your linked wallet.

*Gold conversion is processed solely through approved partner platforms and subject to verification requirements.*

## PATH B • HOLD

**Hold it.**  
**Win the Gold Cup Card.**

Hold qualifying runes and qualify for the MarbleBound Gold Cup — a physical collector card embedded with a 999 gold football, country-themed character, embossed gold foil, premium case.

*Neither path guarantees reward availability, conversion eligibility, or collectible issuance.*

*All information and intellectual property rights contained herein belong to HOOP TECHNOLOGY SDN. BHD. (1384031-A). Strictly confidential. Do not copy, distribute, or reproduce without written permission.*

Gold conversion via GoldWalker and travel perks via AirAsia are subject to each partner's own platform terms, availability, and regional rules. Partner-linked benefits may change without affecting cash rewards.

We may adjust rates, mechanics, or campaign terms with 30-day advance written notice to active participants. Beta creators are protected first when material changes are made.
